### **Article 1: ESTABLISHMENT - FUNCTION - PURPOSE**

I. Byron College was established in 1986, in Athens, Greece. Byron College welcomes students of all nationalities, regardless of nationality and religious beliefs, regardless of whether they are permanent residents of Greece or are children of parents who work in Greece temporarily. All students are treated equally, regardless of their gender, nationality or academic performance. Byron College aims to educate students that will later become an integral part of a healthy social fabric. Byron College has a zero tolerance policy towards bullying and creates a safe and supportive environment for students. The school staff always remains alert to identify bullying behaviors and acts to prevent such phenomena.

II . Byron College provides clear guidelines to students and guardians regarding the approach and overall assessment of the student. Through frequent assessments, teachers assess students' understanding and use such assessments to reevaluate their teaching methods in order to reach students more effectively. At the same time, through such assessments, students can assess whether, and to what extent they have achieved their learning goals, while parents gain a broad picture of their child's strengths and weaknesses.
